Mark Schutera

Prof. Dr.-Ing. Artificial Intelligence

04.2026 – present
DHBW (Cooperative State University)
Ravensburg, Germany

Google Scholar h-index 10

01.2025 – present
Schutera UG
Remote, Germany

My GitHub profile

Teaching and research in artificial intelligence with a focus on machine learning, deep learning, computer vision and embodied AI. Responsible for student development, lecture design and supervision of industrial cooperations in applied AI.

Managing Director

Consulting on AI vision and strategy, prototyping and product development, workshops and key-notes.

Prior Experience

Head of Industrial AI Global Operations

02.2024 – 03.2026
ZF LIFETEC
Remote, Germany

Strategy • MLOps & LLMOps • Industrial Automation • Scaled Infrastructure • Agile Project Management • Vision

Built and led a global team of AI Architects and MLOps Engineers. Responsible for global AI operations strategy, from organizational structure, vision, and adoption, through full-stack AI architecture for AI agents and centralized MLOps platforms.

AI Strategy Clip on my LinkedIn

Team Lead Autonomous Driving Software

02.2020 – 02.2024
ZF Friedrichshafen AG
Friedrichshafen, Germany

AD Software Validation • iSAQB Software Architect • Leadership in distributed Teams • UX & UI • AI Product Management • Scrum PSPO II

Led a software engineering team; Product Owner of the perception ML stack and validation tooling. Drove development of ZF's high-performance ML compute cluster.

50+ patents with the DPMA

Machine Learning Engineer

09.2017 – 01.2020
ZF Friedrichshafen AG
Friedrichshafen, Germany

08.2018 – 05.2019
ZF Innovation Hub
Sunnyvale, USA

Deep Learning & Computer Vision • Python • PyTorch & Tensorflow • B1 Test Driver License BMW • ISTQB Software Tester

R&D of automotive vision algorithms in cooperation with KIT (PhD-affiliated). Focus on continuous integration and unsupervised domain adaptation of deep learning models. Organised the ZF ML Colloquium; supervised student research teams.

10-month research stay at the UC Berkely Deep Driving Consortium.

English ●●●●○

Junior Research Fellow Deep Learning

Rapid Prototyping • Python & TensorFlow • Algorithm Development • Neural Networks • Edge AI

3-month R&D within SAP's deep learning team. Development and training of neural networks for video and time-series analysis; prototyped and prepared models for edge devices.

06.2017 – 08.2017
SAP Israel Innovation Center
Tel Aviv, Israel

Russian (A1) ●○○○○

Stack Overflow >10k reps

Student Researcher Robotics

Robotics • LBR iiwa Cobot • ROS • OpenCV • Unsupervised Learning & Active Vision

8-month internship and thesis work[1] within the machine learning group. Research and development of unsupervised object recognition and active vision on the KUKA Cobot LBR iiwa.

10.2016 – 05.2017
KUKA Robotics Corporate Research
Augsburg, Germany

[1] Mark Schutera et al. De102018209220a1 method and system for handling objects using a robot (patent), 2019

Dr.-Ing. (PhD)

Summa cum laude

Dissertation on unsupervised domain adaptation[2] for cognitive perception systems. Programme committee for CVPR and NeurIPS workshops. KHYS Networking Grant 2020 (ETH Zurich); ZF Excellence Award 2019; KI-Newcomer 2019 (Top 50).

09.2017 – 09.2023
Karlsruhe Institute of Technology

[2] Mark Schutera. *A Concept for Deployment and Evaluation of Unsupervised Domain Adaptation in Cognitive Perception Systems.* PhD thesis, 2023

M.Sc. Cognitive Technical Systems

Focus on cognitive technical systems and robotics[3]. Instructor for mechanical design (KIT/IPEK); research assistant for image and data analysis (KIT/IAI); KIT Award for Outstanding Student Research; Hans Voith Award.

08.2015 – 05.2017
KIT

[3] Mark Schutera et al. Automated phenotype pattern recognition of zebrafish for high-throughput screening. *Bioengineered*

B.Sc. Mechanical Engineering

Focus on control information technology, computer vision and automation.

09.2011 – 08.2015
KIT

09.2013 – 05.2014
KTH Royal Institute of Technology
Stockholm, Sweden

Two-term Erasmus Exchange. Head of the German Language Café at KTH.

Swedish (B1) ●●●○○

08.2010 – 07.2011
German Red Cross (DRK)
Hohenlohe, Germany

Paramedic. Social year in emergency-medical and technical rescue. High-pressure decision-making.
